

Little Island Landscape Guide

January 2023

© | | | | @LittleIslandNYC

Featured Trees & Evergreens

Our evergreens were specifically chosen for the colorful hues they unveil during the winter and the ones in The Play Ground also serve a practical purpose to protect you from the cold winter wind and the noise from the highway.

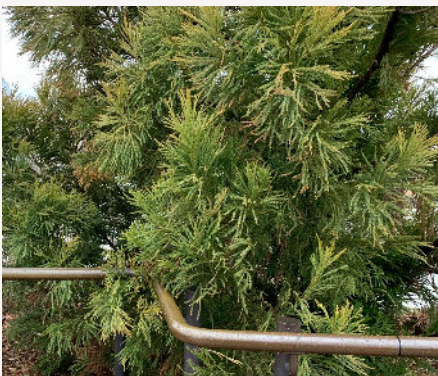

Pinus mugo
'Wintersonne'

Microbiota decussata

Ilex glabra
'Shamrock'

Cryptomeria japonica
'Yoshino'

Pinus cembra

Pinus mugo
var. *pumilio*

Featured Plants

While the majority of our plants and trees lay dormant during the winter, you can still walk along our pathways to discover resilient and plants that thrive during this chilly season.

Hamamelis virginiana

Helleborus niger
'HGC Josef Lemper'

Jasminum nudiflorum

Hamamelis x Intermedia
'Swallow Hayes'

Featured Fruits: Berries

During this season, our landscape comes alive with a variety of berries, offering a nutrient-rich treat for various bird species on chilly days.

Ilex verticillata
'Red Sprite'

Juniperus virginiana
'Canaertii'

Rosa rugosa

Symphoricarpos x chenaulti
'Hancock'

Featured Plants: Ornamental Grasses

At Little Island during the winter season, the ornamental grasses create a spectacular display of movement to our gardens with feathery plumes swaying in the crisp winter air.

Miscanthus sinensis
'Gracillimus'

Miscanthus sinensis
'Morning Light'

Panicum virgatum
'Shenandoah'
